Down-time

* haul trucks are complicated and these systems were never designed to spew out data …
… they were built to function

| Engine |
| Cooling System |
| Hydraulic System |
| Steering System |
| Transmission |
| Differentials |
| Tyres |
| Frame |

"Okay, I understand roughly what the project is, and where it's placed within the business, but ….

… why?"

* why focus any effort here?
